DOMAINE D'ORFEUILLES

History

Located on the old outbuilding of a medieval castle that no longer exits, the Domaine d'Orfeuilles was founded in 1947 by Paul HERIVAULT. The "Vouvray Appellation Controlée" vineyard now covers almost 20 hectares in the communes of Chançay and Reugny. This vineyard is now cultivated by Bernard HERIVAULT and his son Arnaud. They make every effort to maintain the traditions in the cultivation of the vines as well as in production of their wines.
