Rouge - Village

DOMAINE LIVERA PHILIPPE

History

This family domaine exists since 1920. It was created by the grand father of Philippe Livera who took over in 1986. Since a few vintages now, his son Damien has taken over; he will be the 4th generation.

Vines & Wines

Vineyards size
8,20 hectares

Farming
lutte raisonnée

The top value of the domaine
The vines are more than 50 years old

Wine making

In the cellar, tradition is the the way to work: native yeasts, long fermentation, élevage in barrel during 11 to 18 months with a balance of new oak depending on the wine and vintage.

They are aiming to make typical Burgundy wines, with smooth tannins and made to be kept.
